Refillable Ink Tank Printer with Low-Cost Ink Bottles

This high-performance printer combines low-cost printing with easy operation and maintenance, alongside being compatible with low-cost ink bottles for greater cost efficiency.

UP TO **8,100*** COLOUR PAGES

UP TO **7,600*** MONO PAGES
*Economy Mode

COMPATIBLE WITH **LOW-COST INK BOTTLES**

COMPATIBLE LOW-COST INK BOTTLES

Small and standard ink bottles are available to meet the different requirements in print volume.

*Published highest yield is achievable based on Standard ink bottle and printing on Economy mode. For more details, refer to specifications on underside of leaflet.

EASY, HASSLE-FREE INK REFILLING

Ink refilling is now made easy. Each ink bottle nozzle is designed to fit seamlessly only into the designated ink tank, eliminating potential mixing accidents.

EASY MAINTENANCE

The easy-to-replace maintenance cartridge makes maintenance fuss-free and extends the printer's lifespan even when printing in high volumes.

COMPACT, SPACE SAVING FOOTPRINT

The printer's compact footprint allows it to fit into tight spaces with ease.

Specifications are subject to change without notice.

[1] Ink droplets can be placed with a pitch of 1/4800 inch at minimum.

[2] Document print speeds are the averages of ESAT (Word, Excel, PDF) in Office Category Test for the default simplex mode, ISO/IEC 24734.
Photo print speed is based on the default setting using ISO/JIS-SCID N2 on Photo Paper Plus Glossy II and does not take into account data processing time on host computer.
Print speed may vary depending on system configuration, interface, software, document complexity, print mode, page coverage, type of paper used etc.

[3] Operation can only be guaranteed on a PC with a pre-installed Windows 7 or later.

[4] When printing ISO/JIS-SCID N2 on A4 size plain paper using default settings.

[5] Page Yield is the estimated value based on Canon individual test method using the ISO/IEC 24712 colour chart and continuous printing simulation with the replacement after initial setup.
Package contains GI-71S (black, cyan, magenta and yellow) ink bottles.

[6] The Economy mode reduces the ink consumption by lowering the density. More pages can be printed than the standard mode.

[7] Black ink is not used when printing under this condition. However, a minimal amount of black ink is used for maintenance purpose.
